CITY OF CHICAGO

March 10, 2017

RE: Response attached

On behalf of the Office of Emergency Management and Communications (OEMC), I am responding to your Freedom of Information (FOIA) request that our office received on February 17, 2017, wherein you requested the following information:

"This letter constitutes a public records request for all 911 audio files and CAD reports of all 911 calls from January 1, 2016 through February 17, 2017 relating to incidents at the addresses indicated below:

1200 N. La Salle Dr. Chicago, IL 60610

5758 S. Maryland Ave. Unit 3H Chicago, IL 60637

5937 W. Chicago Ave. Chicago, IL 60651

4341 N. Milwaukee Ave. Chicago, IL 60641

18 S. Michigan Ave. 6th Floor Chicago, IL 60603."

The OEMC provided you with Standard Location Reports for all locations for the dates requested which generated a total of (263) 9-1-1 calls. It was explained that it would be unduly burdensome to search and/or produce records pertaining to each of the (263) calls generated in the reports.

The FOIA provides in 5 ILCS 140/3(g) that requests for all records falling within a category shall be complied with unless compliance with the request would be unduly burdensome

OFFICE OF EMERGENCY MANAGEMENT AND COMMUNICATIONS
CITY OF CHICAGO

for the complying public body and there is no way to narrow the request and the burden on the public body outweighs the public interest in the information.

However, after email communication between yourself and this office, your request for records has been narrowed down to only the following:

The audio and CAD files for (the Event Types) EMS, ARP, an CHECWB

January 1, 2016 through February 17, 2017 at the addresses indicated below:

1200 N. La Salle Dr. Chicago, IL 60610

5758 S. Maryland Ave. Unit 3H Chicago, IL 60637

5937 W. Chicago Ave. Chicago, IL 60651

4341 N. Milwaukee Ave. Chicago, IL 60641

18 S. Michigan Ave. 6th Floor Chicago, IL 60603."

With respect to your request for audio records, it has not been determined if the OEMC has any responsive records for the audio portion of your request. The OEMC is in the process of searching for responsive records; however, that portion of your request is not complete. ***At this time, the OEMC is seeking an extension of (5) business days in order to complete our search for records as it relates to the audio portion of your request.***

In response to your request, on today's date, the OEMC is providing you with a redacted Event Queries. Please be advised that the caller's phone number and license plate numbers have been redacted pursuant to 7 (1)(b) of FOIA, which provides that public bodies may redact information that is considered private. 5ILCS 2(c-5) of FOIA defines private information as follows:

"Private information" means unique identifiers, including a person's social security number, driver's license number, employee identification number, biometric identifiers, personal financial information, passwords or other access codes, medical records, home or personal telephone numbers and email addresses. Private information also includes home

address and personal license plates, except as otherwise provided by law or when compiled without possibility of attribution to any person.

The caller's name has been redacted pursuant to 5 ILCS 140/7 (1)(d)(iv) of FOIA. 5 ILCS 140/7 (1)(d)(iv) of FOIA protects caller identity and exempts from disclosure information that could (iv) unavoidably disclose the identity of a confidential source, confidential information furnished only by the confidential source, or persons who file complaints with or provide information to administrative, investigative, law enforcement, or penal agencies.

Additionally, phone numbers, names, license plate numbers as well as patient information and/or condition have all been redacted pursuant to 5 ILCS 140/7(1) (c) which authorizes a public body to redact:

Personal information contained within public records, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, unless the disclosure is consented to in writing by the individual subjects of the information.

"Unwarranted invasion of personal privacy" means the disclosure of information that is highly personal or objectionable to a reasonable person and in which the subject's right to privacy outweighs any legitimate public interest in obtaining the information. In addition, you have not provided anything to demonstrate that the public's interest in the redacted information outweighs the personal right to privacy at issue.

To the extent a portion of your FOIA request has been denied, you have a right of review by the Illinois Attorney General's Public Access Counselor who can be contacted at 500 S. Second St., Springfield, IL 62706 or by telephone at (877)-299-FOIA. You may also seek judicial review of a denial under 5 ILCS 140/11 of FOIA.

Sincerely,

A. Martin / 312.746.9403
